

## Astoria Co+op Produce Wholesale Inquiry Form

Please read carefully:

Thank you for your interest in sharing your locally grown produce with the community through Astoria Co+op. Part of our mission is to help new, local farmers in their endeavor to create a market for their produce. Because of this, we are only accepting produce from growers who are striving to make at least a part of their living through farming. Although we also support avid home gardeners in their interest in producing quality vegetables and fruits for their families and friends, we cannot accept surplus crops from these types of growers. We encourage home gardeners to donate extra produce to the food bank as a way to share healthy food with the community. We are happy to facilitate those donations.

As a produce buyer we prefer:

- Local
- Organic
- Fresh
- High quality
- Consistency
- Accountability

If you are a new farmer and believe the co-op is a good fit for your produce, please fill out this form and return it to the co-op. We will contact you about the possibility of setting up a wholesale account. If you have any questions about our policies or this form, please contact Produce Manager Wendy Wohosky at: [wendy@astoria.coop](mailto:wendy@astoria.coop) or 503-325-0027.
